

Directive 2002/95/EC

Status of RoHS Compliance

Restriction of Hazardous Substances

The items listed below fulfill the EU RoHS directive 2002/95/EC and restrict the following hazardous substances according to the Official Journal of the European Commission from August 18th 2005. The maximum impurity levels of homogeneous materials are below:

Mercury	0.1% by weight
Cadmium	0.01% by weight
Lead	0.1% by weight
Cr6+	0.1% by weight
PBB	0.1% by weight
PBDE	0.1% by weight

PULS uses a self declaration policy supported by supplier declarations which are organized by a purchasing control process and a master database. Supplier audits will be performed as required.

This status of RoHS compliance is valid for the following products:

UZK12.071,
UZK12.261,
UZO12.07,
UZO12.26,
UZB12.071,
UZB12.261,
UZB12.051

Please note:

The RoHS Directive does not apply to lead-acid-batteries. Batteries incorporated in WEEE will be collected on basis of the WEEE Directive.
